AUTOMATED PAYMENT PROGRAM
HENRY COUNTY WATER COMPANY
 313 S. Washington, Clinton, Mo. 64735 660-885-2157

Henry County Water Company (HCWC) offers a bank draft program available to HCWC customers who choose to have their monthly water/sewer bill automatically deducted from their bank account. The program offers customers the following benefits;

- Automatic payment of monthly water/sewer bill
- Eliminates monthly check writing
- Eliminates the cost of postage and checks
- Provides a record of payment on customer's bank statement
- Customer will continue to receive a monthly statement from HCWC as a method of information of water/sewer usage and billing

Customers interested in taking advantage of this program must complete the automated payment program form available at the HCWC office and provide an unsigned, voided check.

Following signup, the initiation process of the program may take up to 2 billing periods to complete. **During the initiation process of the automated bankdraft the customer will be responsible for paying his water/sewer bill until program initiation is complete.** Once initiation is completed, the customer will be notified by the "PD BY DRAFT" notification printed on the bill. Once that message is printed on the bill the customer will no longer be required to manually send payment for billing.

Payment for the water/sewer bill will be drafted from the customer's bank account the working day before the due date printed on the bill. The customer will continue to receive the monthly utility bill at the regular billing time.

Should a customer choose to discontinue participation in the automated payment program, the customer must provide written notification to terminate the automated payment process. Termination will occur only when HCWC receives written notification by an authorized person.
